

TATTENHALL PARK PRIMARY SCHOOL

Dear Tattenhall Park families,

Friday 24th May, 2024

It really has been an action-packed 'Health Week' this week. The staff have really excelled themselves by providing a myriad of sporting, PSHE and health-related opportunities for the children over the past five days. Sports Day was absolutely glorious- such a well organised and happy event. I am so grateful to the staff for all their hard work planning this and to the PTFA for providing delicious food and beverages for the spectators - it was a magical morning. Well done to the Green Team - we all loved watching your victory lap of honour around the field!

I would also like to give a special mention to Year 6, who were such a marvellous support for the younger children in their races - they really are a super class and such great ambassadors for our school.

Hedgehog Corner Orchard

On Wednesday and Friday, we planted 22 trees in the orchard area with Richard- a super resource for our curriculum and a legacy for generations to come. Thank you to all the families who donated and particularly those who came on Wednesday in the torrential rain!

We are hoping to purchase some further trees in a few months- so there will be more opportunities to donate if you missed this event. Richard will be working over the holidays on the log circles and paths areas to provide access.

Design a front cover competition

The children had an assembly, last week, to learn all about Tattenhall Village Show. As part of this, they were invited to design the front cover for the Tattenhall Village Show brochure- they have brought home a blank copy tonight. All entries need to be handed into the office by 3rd June. There will be prizes for the designs chosen.

Have a super half term with your families and friends and thank you for your support this half term,
Mrs Bolton
