

# TATTENHALL PARK PRIMARY SCHOOL

Dear Tattenhall Park families,

Friday 20th September, 2024

Our Eco Team proudly presented our new Eco Flag in assembly on Monday. We looked at all the different areas of the Eco Schools award and also shared a very exciting letter from Sir David Attenborough who gave us some top tips about ideas for future Eco Schools projects.

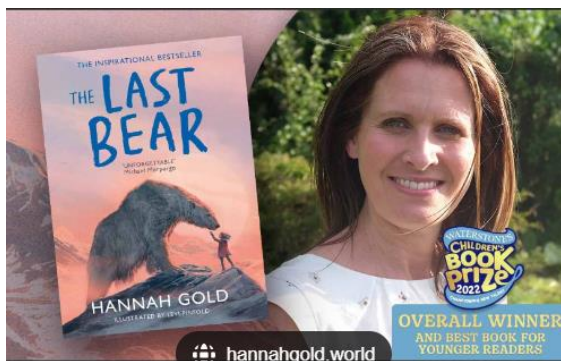

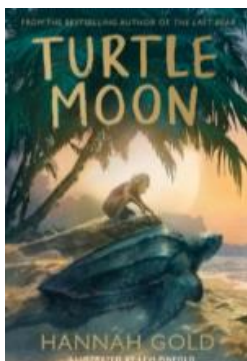

If you look closely behind the children, you can see our new, enormous 98 inch screen television in this picture - funded by the PTFA - it has proved very popular in assemblies! You can also spot our new picture frames, which contain pictures of the children who are chosen each week for a Headteacher's award or as a kind friend to others (this is our half termly school value).

**The Wildery - 'Nature's Larder'** has been blooming this week! Our local birds and insects have been treated to all sorts of delicious delicacies. This year our apples will not be quite large enough for making pies and chutneys - but you can probably spot a greedy spider who has found the perfect spot to find tasty insects in these photographs! The garden outside nursery has been filled with butterflies, attracted to our many new buddleia plants.

**Well done** to the children who took part in the **Tag Rugby competition** at Bishop Heber on Thursday night. Mrs Gibson and Miss Foreman, who accompanied them, said they gave it their all and achieved a very well deserved second place.

On Friday 27<sup>th</sup>, author **Hannah Gold** will be visiting our Keystage 2 children (Years 3-6) to talk about her new book 'Turtle Moon'. Parents should already have received a letter to give further details and signed copies of her book can be preordered on Parent Pay.

### Storytelling Chair

The Parish Council have very kindly loaned their story telling chair to the school until next summer- it really is a thing of great beauty. Watch this space for pictures of classes listening to stories in our Wildery area...

### Can you help? We have 12 days to hit the target!

Over the past month, we have been crowdfunding through SpaceHive to make a collaborative historical film about our village. This will be made with the children and the local community next year and shown on a giant screen at an outdoor event at school.

**Our Village, Our Future**

Back this project!

This project has received a pledge from one of our funding partners. In order to receive this pledge the campaign must hit its fundraising target by 01 Oct 2024

Roots to Grow \_\_\_\_\_  
 \_\_\_\_\_ WINGS TO FLY

Some of our school families and local businesses have already kindly made a contribution and **this week**, the local authority - **CWAC**- contributed **£2,800** towards the film. However, we have to raise another **£3,000** before 1<sup>st</sup> October

if we want to keep the CWAC contribution! If you would like to help make this film happen for our children and the village, or know a business who can help, please click the link below to find out more. This will be a very special celebration of our village heritage and will feature all of our children and many of the members of the village too! Next year, is our **55<sup>th</sup> birthday**- so there couldn't be a more perfect moment to hold a historical film premiere.

### [Our Village, Our Future \(spacehive.com\)](https://spacehive.com)

The creation of a collaborative historical film about Tattenhall, that captures the wealth of community historical knowledge and inspires the children to protect their local heritage and biodiversity.

**Have a super weekend, Mrs Bolton**
