27th November 2018

Dear Jo,

Following on from your recent Ofsted inspection, I would like to congratulate you on securing a 'good' judgement for Tattenhall Primary School. I want to express my appreciation to staff, governors and pupils for all of the hard work and commitment they have shown in order to achieve this, and to you personally, having also shown strong leadership in steering the school through a challenging period of change.

It is evident that you, the governors and staff have the determination, persistence and ambition for the school to improve further. I am sure that you and your team are pleased with the positive comments identified throughout the report. It is clear that teaching has been stabilised across school and you have ensured that it is effective through a broad and balanced curriculum.

It is particularly pleasing that the inspectors recognise Tattenhall Park Primary as an 'outward-facing' school whose staff and governors are committed to putting teaching and learning at the heart of its journey. You clearly do this by creating an environment where children are well cared for, have good attitudes to learning, and whose spiritual, moral, social and cultural development is supported well throughout the curriculum. All of this can only happen when everyone demonstrates a total commitment to the children and families you serve.

I note that although outcomes require improvement, attainment is rising and that the inspector has suggested areas for improvement. I am confident that you will embrace these suggestions and address them through your school's development plan. In doing so, I hope that you will continue to engage with the Local Authority, Edsential and in partnership with other schools.

Yours sincerely
