

# TATTENHALL PARK PRIMARY SCHOOL

Dear Tattenhall Park families,

Friday 21st March, 2025

## 'Our Village, Our Future' premiere showing

What a wonderful celebration of Tattenhall history we had on Thursday night. Chris and Andy, our film producers from Impossible Arts, have worked tirelessly since the filming two weeks ago and the final result brought many of us to tears! The children and Tattenhall Singers sang beautifully to launch the premiere and we even had a visit from the International Space Station half way through! It was a magical night and I am very grateful to our amazing staff -Team Tattenhall, our children, parents, sponsors and the many members of the local community who made this project possible. It was amazing to see so many people there!

This is just the start of celebrations for our 55<sup>th</sup> birthday. Amongst other projects, we will be interviewing past school members and opening the school to the public, after school, on 30<sup>th</sup> April to share photographs and memories of the school since it first opened in 1970. More details will follow in our next newsletter.

## Comic Relief 80's Extravaganza

We had a fabulous day on Friday, marking the 40<sup>th</sup> birthday of Comic Relief. Miss Comish inspired us all to

wear something '80's' or bright and it was just fabulous to see how inventive the children (and parents) were. Thank you for all your support with costumes- the school was just buzzing with excitement all day! The children discovered the history of Comic Relief and we will be sending all contributions raised to

Comic Relief when we have counted all the donations on Monday.

### Hedging Superstars.

A big thank you to Mr and Mrs Hart and family who spend a very sunny Saturday last week, adding another row of hedging to the outside of the Wildery. The hedging was donated by the Woodland Trust and in a few years time will provide excellent green screening for this area of the field. On Sunday, a second willow dome will be added to the Wildery by Richard, our landscaper, as we begin to develop this area further for the summer term and beyond.

### New arrivals...

Look who has been busy checking out our bird box for nesting. We have now linked it to all school interactive boards- so fingers crossed we will see some nest building action soon!

Have a lovely weekend, Mrs Bolton

An online version of 'Our Village, Our Future' will be released very soon...
